

OBOJANA RIMA

U zadatku su prikazani crteži. Imenuj što je nacrtano. Svaka riječ ima svoj par s kojim se rimuje. Riječi koje se rimuju oboji istom bojom.

VESELI KIŠOBRANI

Imenuj crteže i pokušaj te riječi razdvojiti na slogove. Svaki kišobran ima svoj broj i boju. Oboji riječ onom bojom kišobrana koji svojim brojem odgovara broju slogova u riječi. Ako riječ ima dva sloga, oboji riječ zeleno.
